MEMORANDUM FOR: Inspector General

STATINTL  
STATINTL

1. Mr. Carey, AD/O, telephoned me this morning to say that he thought Notice [REDACTED] Office Hours of Inspector General, was confusing in that it did not make any reference to CIA Regulation [REDACTED] and he was afraid employees would interpret this as an invitation to go directly to the Inspector General with all of their complaints without any attempt to settle them through their immediate supervisory channels.

STATINTL

2. I explained that the phrase, "which have not been satisfactorily handled through normal channels" was intended to take care of this. Mr. Carey said that he thought it actually would but that it would have been much better if we had specifically stated that this did not alter [REDACTED] nor conflict with it in any way. I told him that I would refer the matter to you for whatever action you deemed appropriate.

L. K. WHITE  
Assistant Deputy Director  
(Administration)
